sunlit dreams

The bright spring light does something to us, it makes us smile, gives us energy and it makes us come out from our winter hiding. We're there now, spring is finally here, summer is on its way and it's time to embrace what this new magical time of year will bring and decide on which sunlit dream to chase...

Finding your favourite model has never been easier, the spring/summer catalogue is filled with everything from basic turbans, to voluminous bohemian scarves, helpful accessories, chic and beautiful colours and smart headwear patterns.

Look out for the soft and comfortable linen collection, it's a perfect match to the warm and sunny days. Or, be creative with the Boho line, the stylish turbans with their long ribbons gives you so many opportunities to make a smart and fashionable headwear statement. And, don't forget to look through the petite section, the sunlit yellow pages and the adorable children will for sure put a warm smile on your face. We couldn't be prouder of the lovely team of small ones on these pictures, they make the world of difference in so many ways!

So, there may be many reasons for you to browse through our catalogue. Perhaps you are looking for soft and comfortable headwear to cover your sensitive and bald scalp caused by treatment for a critical illness. You may want to cover your hair because you experience bald patches. Perhaps you are simply browsing to find a fashionable printed turban to complete your carefully selected outfit. Or, maybe you are looking though this selection of Danish designed head coverings because headwear is part of your daily dressing routine and that you, due to Alopecia, are bald and beautiful.

Regardless of your reason for browsing through, we welcome you and are glad to have you here. We, and our fantastic colleagues from your local Christine shop, are here to help you should you need expert advice and guidance.

Enjoy your summer and remember to make it your own kind of wonderful!

CHRISTINE HEADWEAR bamboo collection

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch. It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further the eco-friendly Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

CARETECH®
SUPIMA COTTON

The Caretech® Supima cotton is a luxurious cotton quality from Christine Headwear.

Supima is regarded as one of the finest cotton qualities available and is both more durable than regular cotton and much softer to the touch. With a Supima product you will get a long-lasting premium product with strong pilling resistance, a beautiful colour retention and high-class comfort - perfect for a headwear model to be worn against sensitive skin.

SUN WEAR WITH
37.5® TECHNOLOGY

Are you looking for light and airy sun wear that keeps you covered and protected, so you can enjoy summer by the beach or in the garden without getting too warm?

The sun cap collection with UPF 50+ sun protection and the popular 37.5® Technology, helps keep your body at the ideal core temperature of 37.5° while you are on the move and enjoying the precious summer time.

37.5® TECHNOLOGY

The revolutionary 37.5® Technology used in this unique Christine Headwear collection has resulted in a headwear line lighter and more advanced than ever seen.

The 37.5® Technology works with the body's natural mechanisms in order to maintain a balanced core temperature at 37.5 degrees. It even dries up to five times faster than similar products without the technology and quickly releases moisture vapour, leaving you in an optimal comfort zone at all times.

The active particles used in 37.5® Technology are derived from natural sources such as coconut shells and volcanic minerals. The combination of special sources and product features makes this a rather unique and intelligent headwear line.

For further information on 37.5® Technology go to the Technologies and Product Features page on christineheadwear.com

Hi there, I'm Petite Peanut

I'm a wee bird, I'm green
cause it's my favourite colour
and I just love to play hide and seek.

My favourite thing is to fly
around under the sun wearing my super
smart sunglasses.
I do not have that many feathers on my
head, so I like to hide
them under a turban cause it's
warm and comfortable
and it protects my wee head from the
sun and, I think it makes
me look really cool too.

If you put your new headwear on,
we can look cool together,
yep let's do that...

CHRISTINE HEADWEAR
accessory line

Find the small yet important necessities in the Christine Headwear accessory collection. A range of carefully constructed wigliners, tops, night caps etc. - all made in soft, comfortable and intelligent materials for your wellbeing.

Look out for the new additions to the collection. The smart and cleverly constructed Soft Lift Hat, that will give the back of the bare head a beautiful gentle lift under your head coverings. Another one not to miss, is the new Christine underwear top with the revolutionary 37.5[®] Technology, constructed so you can easily put it on even if raising your arms can be a struggle.

Finally, we hope you'll give a warm welcome to our two new beautiful Alopecia models, Birgit and Henriette, who's made our new accessories come to life.

CHRISTINE HEADWEAR underwear collection

The Christine underwear top is a unique and comfortable underwear piece developed with both intelligent features and materials.

Comfort in clothing, underwear in particular, is often dictated by your body temperature. It can, however, be difficult to maintain a balance at 37.5-degrees when our body goes through changes, either due to surgery, treatment for critical illnesses or when suffering Alopecia.

It can be hard to control the hot and cold flushes that makes us so uncomfortable, but this top will help you! The 37.5® Technology used in the fabric material helps control your core temperature, regulates it and will keep you in the optimal 37.5-degree comfort zone at all times.

For further comfort and convenience, we've constructed the top so you can get dressed without having to pull it over your head, which can be difficult when having gone through a breast or under arm surgery. The neck line is beautifully placed and has an elegant and feminine silky satin trim.

A truly comfortable and practical top made particularly for your wellbeing.

CHRISTINE HEADWEAR soft lift hat

The Soft Lift Hat from Christine Headwear is a revolutionary new design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head.

The soft, breathable and light 37.5[®] fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift a light mesh pad has been inserted under a soft top layer.

This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable still, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

Only the best is good enough

All Christine, Petite Peanut and Male Headwear products are CE labelled, which means they classify as medical devices according to EU Directive (93/42/EEC) concerning medical devices. By definition of the EU Directive a medical device is a material intended to be used by women and men for the purpose of protection of the skin against the heat, sun and the cold. Further, it is intended to relieve physical and mental discomfort resulting from hair loss as well as a general protection of women and men, who have lost their hair due to chemotherapy and other hair loss related illnesses. In addition, the CE mark is your guarantee that the products are appropriate and safe to use and wear.

We recommend handwashing your new headwear and laying it flat to dry. Do not tumble dry.
