

# MEDISCOPE – OUR SCALP ANALYZER!

You want to fight dandruff? The mediscope takes microscopic pictures of the scalp and allows you to analyze the scalp of your customers. With the results you can offer your customer a professional scalp consultation, recommend the right mediceneuticals products and document the success of the treatment. All data and pictures can be saved in the included program and also be presented to the customer.

01.07.–31.07.2021

**560,00 €\***

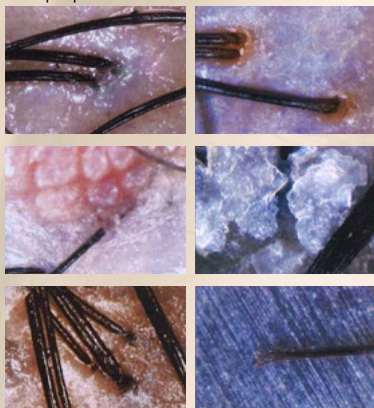

**INTRODUCTORY PACKAGE**

Mediscope + personal tutorial webinar  
+ 1x of each MEDICEUTICALS  
scalp treatment set

## FIRST ANALYZE, THEN APPLY THE RIGHT CARE.

A bad hair situation is often associated with a scalp that is not healthy. Identifying the causes with the bare eye is usually very difficult and often leads to incorrect analysis. With the Mediscope you get a 200 times magnified image and can use our developed anamnesis sheet to apply the perfect MEDICEUTICALS set of the red care series and sell for regular care for at home. Check the scalp health regularly and adjust the care series in case of progress or other changes. The customer-friendly documentation makes it easier for you to gain your customer's trust and keep it for years.

### MEDISCOPE

#### CHARACTERISTICS OF THE MEDISCOPE

- Easy to use – take photos and analyze results with just one button.
- Magnifies the view 200 times for clear analysis
- Can be connected to a laptop. Works with Windows 10 (not Windows 10S compatible!)
- Saves the resulting images directly in the program.
- Stores all customer information and can be viewed at any time.

#### OUR ALL-ROUND PACKAGE FOR YOU

- Mediscope with matching lens and all necessary connection cables.
- Included software on CD-ROM to install on your computer
- Instructions for use (receives the instructions for installing the software as well as the instructions for using the Mediscope)
- Medical history sheet with many reference images for accurate analysis. (share for copy)
